REXDEL LOSES WAY IN FLIGHT

At mpts to Fly To Philadelphia
From Oreland But Lands
Near Trenton N J

Philadelphia Pa. Nov. 24. Followers of aviation here were kept busy today watching the fortunes of J. Armstrong Drexel of this city who yesterday established a new world's altitude record and Claude Grahame White the English manbird who brought to a close a series of successful exhibitions at the Point Breeze race track in the southern section of the city.

Drexel again proved to be the star attraction. He attempted to fly back to Philadelphia in a Blériot monoplane from Oreland where he landed yesterday after his record breaking flight, but he became lost and was forced to land at Trenton Junction, four miles from Trenton, N. J. Oreland is about thirteen miles from Philadelphia, but Drexel, in his flight of one hour and ten minutes today, travelled twenty miles. Mr. Drexel landed because of a shortage of gasoline, having started with but little more than sufficient to carry him from Oreland

to Point Breeze.

Landed on Chicken Farm
He landed on a chicken farm and said he had mistaken the Delaware river for the Schuylkill and had traveled north instead of south. He had intended following the Schuylkill river to Point Breeze.

Mr. Drexel after arranging for the safe keeping of the machine returned to Philadelphia by car. Claude Grahame White, several exhibition flights today and on one of his flights took the General Allard and landed off the United States army.

MISSIONARY SOCIETY

The Woman's Missionary Society of the First Baptist church will meet next Monday afternoon at 3 o'clock. Mesdames Black, Blount, Brown, Battle and Blaun are the hostesses for the meeting. Subject to be discussed is "The City Problem."

A very interesting program has been arranged for the occasion, and every member is invited and urged to be present. Let each one bring some one else and make this the best meeting of the year. Do not forget the time—3 o'clock.

Mrs. G. H. Malone, Pres.

Mr. and Mrs. R. H. Ramsey and family spent Thanksgiving with relatives in Pinecard.

A SURPRISE WEDDING

Last night at the home of the bride's brother-in-law, M. B. Boyd, Mr. Henry Law of Enterprise and Miss Louanna Snow of this city were married.

The wedding was quite a surprise to the many friends of the popular couple and was attended only by the relatives of the bride and a few close friends.

The marriage took place about 9 o'clock and the ceremony was performed by Rev. R. H. Boyd of this city.

The bride is the charming and highly accomplished daughter of Mrs. Lon Crawford and during the several years in which she has lived in Dothan as Miss Crawford, has won the friendship of all who knew her.

The groom is a prosperous business man of Enterprise, and is also well known in Dothan and vicinity.

The happy couple left last night at 6:50 o'clock for Enterprise, where the bride has been teaching for several months, and where they will make their home.

Ed Watford of Madrid, was in the city this afternoon.

Eight room dwelling, one block from town, on principal street \$2,500.00 is the price, subject to being unsold. Modern conveniences. Dell & Smith 21-23

OLD SOLDIERS' MEETING

On the second Tuesday in December, which is the 14th of the month, the old soldiers of this section will hold an important meeting at the court house. They expect to send a delegation from Camp Barry, Fort Fisher, through their will allow an old soldier to drive a caisson when he has property to the amount of \$1,500, whereas the law now requires one to have exceeding \$500 worth.

FARMERS UNION HAS MEETING HERE TODAY

The Houston county Farmers Union held its regular quarterly meeting in Dothan today in the auditorium of the court house.

The are twenty unions in this county and seventeen of them are represented at the meeting here today. No business of much importance came before the meeting this morning.

Mr. Copeland, a farm expert of Union City, Ga., was here today and delivered a highly appreciated address. Much good advice for farmers was gotten out of the talk.

About 100 delegates from the different local unions of the county were present.

R. J. Terry was in the city last night on his way to Birmingham.

MEXICAN REVOLT IS WELL IN HAND

REBELS REPORTED TO BE
LOSING GROUND—FEW
CLASHES NOTED

El Paso, Tex., Nov. 24. The following reports from the centers of disturbance in Mexico's border in addition to the declaration of the situation that President Diaz has the situation south of the Rio Grande well in hand.

The government is reported to be in complete control everywhere except in Guerrero, where troops have not yet penetrated. The revolutionists in that place are reported to have appointed a city government of their own choosing. The town of Guerrero referred to in dispatches from Eagle Pass, in connection with the reported wounding of General Madero, is believed here to be a village of fifty or seventy five miles from Eagle Pass.

An opinion widely expressed is that the revolution, which General Reyes headed a year ago, "went off half cocked," and nothing now can make a serious threat to the Diaz government.

Nothing confirmatory of the report of the wounding of Madero was received here tonight.

M. CHERRY

Washington, Nov. 24.—A limited parcels post for the rural free delivery routes will be recommended by Postmaster General Hitchcock in his forthcoming annual report. In announcing this tonight, the postmaster general envisions the establishment of a general parcels post throughout the country as soon as the postal savings system is thoroughly organized.

As the preliminary step in the development of such a service, Mr. Hitchcock will ask congress to authorize the delivery on rural routes of parcels weighing as much as eleven pounds which is the weight limit for the international parcels post.

This form of service, it is maintained, can be conducted with little if any additional expense to the government. It will not require the appointment of more carriers, for those already employed have the necessary equipment in the way of horses and wagons to distribute the parcel as well as the ordinary mail.

A rural parcel post of the kind proposed, if successfully conducted, probably would lead the department to attempt a more general system. Mr. Hitchcock believes, however, that before the parcels services is extended to the whole country definite information should be obtained as to the nature and accordingly, recommended that in conjunction with the experiment on rural routes, a further inquiry be authorized by Congress in order that the department may be in a better position to develop the system on conservative lines. He recommends that a special appropriation for the inquiry be granted at the coming session.

CHILD KILLED WHILE HUNTING

Samson, Ala., Nov. 24.—Steiner Holly, the twelve year old son of Dr. J. H. Holly, accident killed himself while out bird hunting today.

Foreign Missionary Society will give a public entertainment on Sunday evening Nov. 27th at 7 P. M. The program is both pleasing and instructive. The public is invited.

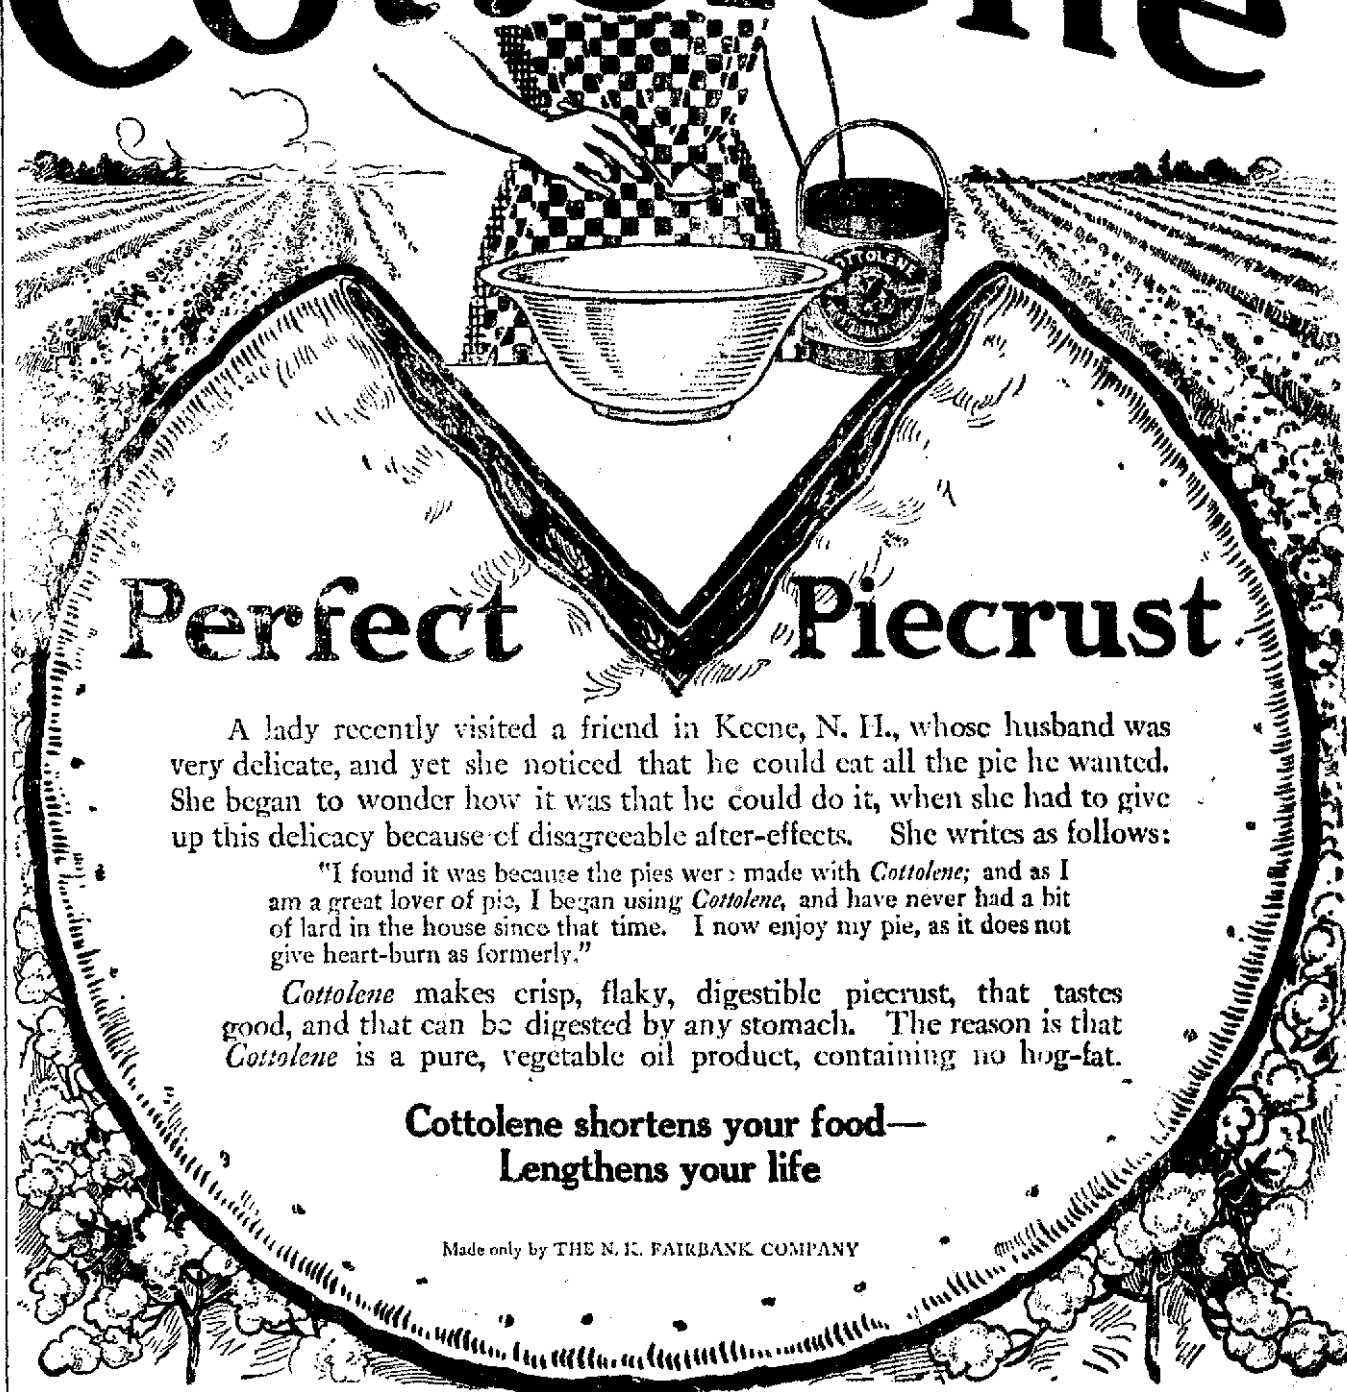

Robbie Ghent who is teaching music at Marianna was here yesterday to spend Thanksgiving day with relatives. She was accompanied by Miss Nell Farber a popular young lady of this city.

Mrs. C. T. Love returned to her home in Jacksonville this morning after a visit to relatives here.

Miss Georgia Bush came down in Montgomery where she is attending the Woman's College to spend Thanksgiving at home.

Miss Idaline Brown music director in the city schools at Andalusia was in Dothan yesterday visiting relatives.

Cottolene

Perfect Piecrust

A lady recently visited a friend in Keene, N. H., whose husband was very delicate, and yet she noticed that he could eat all the pie he wanted. She began to wonder how it was that he could do it, when she had to give up this delicacy because of disagreeable after-effects. She writes as follows:

"I found it was because the pies were made with *Cottolene*; and as I am a great lover of pie, I began using *Cottolene*, and have never had a bit of lard in the house since that time. I now enjoy my pie, as it does not give heart-burn as formerly."

Cottolene makes crisp, flaky, digestible piecrust, that tastes good, and that can be digested by any stomach. The reason is that *Cottolene* is a pure, vegetable oil product, containing no hog-fat.

Lengthens your life**

HOOKWORMS BADLY INFECT THIS SECTION

The Hookworm campaign for the section of the county which has been badly infected with this most serious disease, will begin in Dothan this morning with a meeting on the 20th to be held here to start the campaign. All Houston county should be attended by everyone that is in a position to find a helping hand to the cause. Inflicting the country of this decided pest.

There is probably more people in the section of the county that suffer more or less with hookworms than in any other. In the north west where there are no signs of the hookworms, the people are a whole great deal better off. It is a most terrible thing of considerable importance in the average person's life. The country is a rule infected more or less with the disease.

It is not so bad here with the town people as it is with the country folks and it is my firm belief that 70 per cent of the country people in this part of the south are effected with this pest. Instead of being referred to as "the large, strapping country boy, the usual man raised in the rural section in the Southeastern country is of a sickly stunted nature caused by suffering with hookworms, and the city boy is generally the largest.

"This section is badly effected with this disease that has caused so much comment and now is the best time to eliminate it while we have an opportunity to do so with the deserving, charitable offerings of the great oil magnate. It is one of the greatest degenerations to the South and every step taken to eradicate it is putting the South one step forward in the eyes of the world that are now turned Southward."

TRIO PRESS FORCE BROUGHT HERE

The majority of the compass force of the Troy press destroyed by fire yesterday morning were brought to Dothan this morning and put to work at the Troy Lumber Co.

The Troy press was the only one in Troy and the loss to the city is no doubt, but it is not the end of the world.

The work here now will be increased to a great extent as probably the majority of the city's work will be pressed in Troy will be brought to the city. The force of work here will be increased.

The Troy reports from the Troy state that the compass force of Troy was swept completely down by the flames. Cotton here is still burning at these times, the fire state that is so probable that any other city will be suffered except cotton that is already there.

W. I. SWAIN SHOW

Pleasing a Big Audience Last Night in Gulport.

The big water proof tent used by the W. I. Swain Show Company was almost packed last night. This company is known to be the oldest, biggest, best equipped and most favorably known shows of its kind in America. They opened a week's engagement in Gulport last night and presented a flawless city production.

It may be aptly termed a revelation inasmuch that it reveals to the provincial amusement lover that the much talked of theatrical trust or syndicate can no longer debar the smaller cities from a wholesome form of diversion and that the very concentration of effort that created the syndicate has brought forth fruit in just such independent enterprises as the W. I. Swain Company. therefore, we in the smaller towns can have city shows of the first class as Mr. Swain demonstrated last night. The best of order and sociability prevailed and the vast audience entered their appreciation in a way that could not be misconstrued. The W. I. Swain show made a big hit on account of the excellent show they presented.—Gulport Record.
